

ASHINGTON TOWN COUNCIL SMALL GRANT FUNDING 2026-27 GUIDANCE FOR APPLICANTS

This document provides guidance for community groups and organisations applying for Ashington Town Council's 2026-27 Small Grant Fund. It sets out the purpose of the fund, eligibility criteria, application process, and expectations for use and reporting of grant funding.

1. Purpose

The Small Grants Scheme supports local voluntary, community, and not-for-profit organisations delivering projects or services that benefit Ashington residents. It is designed to provide modest, quick-access support where a smaller award can make a real difference.

2. Total Budget & Grant Rounds

- **Grant Rounds:** 4 per year (May, July, October and January)
- **Maximum Award per Application:** £500
- **One application per organisation per financial year**

You **cannot** apply for a small grant if your organisation has received a **large grant** in the same financial year.

3. Eligibility

- Be a voluntary or non-profit organisation based in Ashington
- Serve Ashington residents directly
- Provide a governing document and up-to-date accounts
- Hold a bank account in the organisation's name

4. Financial Reserves

As with large grants, the Council will not normally fund organisations holding more than 30% of their average annual running costs in unrestricted reserves unless justification is provided.

5. Application and Decision Process

- Applications must be submitted using the official form
- Decisions are delegated to Officers and made within 10 days of the submission deadline (see Appendix A)
- Applications will be checked against eligibility criteria using the matrix in Appendix A
- If demand exceeds available funding, priority will be given based on community benefit and funding need
