**FGS2526/094 BUDGET AND EXPENDITURE 2025/26**

***a) Updated Budget Report***

The RFO advised in advance of the meeting and reported at the meeting. **Item 9a) Budget Update**

"Please be advised that a comprehensive budget review is currently underway in preparation for the 2026/27 budget-setting process.

The Council operates its day-to-day accounting on a receipts and payments basis, which records transactions as and when money physically enters or leaves the bank account. Budget monitoring reports presented throughout the year have reflected this same basis, showing actual cash received and spent against budgeted figures.

However, as we approach year end and budget setting, it is necessary to adjust these figures to an income and expenditure basis. This means accounting for money the Council is committed to paying or entitled to receive, regardless of whether it has yet passed through the bank. For example, invoices received but not yet paid, or income due but not yet received, need to be factored in to give a true picture of the Council's financial position. There are adjustments from

**AGENDA 6, Enc i) ASHINGTON TOWN COUNCIL, DRAFT Minutes of the Finance and General Services Committee held at 6:00pm on Tuesday 11<sup>th</sup> November 2025, at Ashington Town Hall, Council Chamber, 65 Station Road, Ashington, NE63 8RX**

last year to take into account. It seems pointless presenting you with a receipts and payments budget summary at this stage in the budget cycle.

This reconciliation work is currently being undertaken, alongside verifying cost coding accuracy and calculating commitments through to year end. A fully updated budget position, prepared on an income and expenditure basis, will be presented to the Finance and General Services Committee at its meeting in January. This will ensure members receive a complete and accurate financial picture on which to base budget and precept decisions. With this in mind, I am not presenting a budget update tonight."

***b) Accounts Paid and to be Paid***

The schedule of accounts paid was **RECEIVED** and those accounts paid since the last meeting were **ENDORSED**. There were NO questions received.

***c) Bank Reconciliation***

**It was AGREED to RECEIVE** and Note the report on Public Toilet Provision - Station Road Facilities.

Following a healthy debate that included:

- Discussion of costs and the condition of the toilets.
- Their situation and suitability on the High Street.
- The impact on the tax payers of Ashington with any involvement by the Council.
- Their current poor state and any ongoing financial commitments.
- The importance of public toilets as a basic human need.

**It was AGREED** by a majority of those present and voting that the Town Council should enter into discussion with Northumberland County Council to express interest in principle in exploring the potential transfer of Station Road public toilets, on the basis that any agreement would be subject to satisfactory terms including full capital refurbishment by NCC prior to transfer.

Cllr Lynne Grimshaw thanked Cllr David Coyle for bringing this matter forward and also asked the record to reflect thanks for the work in respect of street scene/kerb appeal and the gullies proposal, which she said he had worked hard on, and which were all making an impact in the town.

**FGS2526/098 REMEMBRANCE SUNDAY, 9<sup>TH</sup> NOVEMBER 2025**

**It was AGREED to RECEIVE** the report on Remembrance Sunday, **it was also AGREED** to arrange a meeting of Ashington RBL, Churches Together and Town Council in the New Year.

Cllr Marjorie Chambers, also Chair of the Ashington Branch of RBL advised that a meeting was scheduled for 14<sup>th</sup> January that could be co-ordinated to include this. Cllr Chambers acknowledged that there were timing issues and unfortunately the chimes of the clock meant this was very obvious. Cllr Chambers spoke about the huge numbers attending, and also the brilliant piper. Cllrs echoed that this year saw huge crowds and there was lots to commend about the service, notwithstanding the timing issues.

Cllr Chambers advised that at last count there was £27k raised by the Ashington Branch of RBL and they hoped this would be £30k. There are plans for a pipe band next year and it is hoped the Town Council will contribute towards this.

**It was AGREED to RECEIVE** the consultation notice and to make representations to Northumberland County Council regarding the proposed Dog Control PSPO, particularly in relation to the potential inclusion of sports pitches within the exclusion provisions. It was acknowledged that this requires the collection of evidence, and in this regard to seek that NCC actively collate evidence to this effect. In turn, **it was AGREED** that Cllrs and the Council would encourage reporting of dog fouling with photographic evidence, especially on sports fields, despite the apathy and any confidence in sanctions.

The debate included the prevailing issue of dogs being let off lead in parks and fields after dark, having no idea where they have fouled in order to pick it up, and likely with no intention of doing so.

*Cllrs Mark Purvis and John Tully left the meeting at 7:30pm*
