

AGENDA 7, Enc ii) OFFICERS UPDATE – 12th May 2026

AGAR

The AGAR is 99% complete but as the RFO is part of the new digital trial which doesn't open until 17th May, formal completion has been delayed.

Annual Meeting of the Council and Policies

We have near thirty policies all of which have been updated in line with new legislation. New legislation includes The Employment Rights Act 2025, Worker Protection (Amendment of Equality Act 2010) Act 2023, Crime and Policing Act 2026, Online Safety Act 2023, Smaller Authorities' Proper Practices Panel (SAPPP) 2025, and Practitioners Guide 2026. Some Best Practice changes have also been made.

The agenda for the meeting is ready to go out but we are finalising the best way to display policies and committee terms of reference on the website. As well as the agenda being posted to those who receive paper packs, we will provide a link to policies as opposed to emailing, as a more efficient sharing mechanism.

YouTube Videos

We have 575 views of our videos via YouTube. They are a superb showcase of the wonderful community groups working in the town. They remain as a lasting legacy of the Council's funding commitment and the work carried out by groups. We have received very welcome feedback from the groups involved who are using their own videos to share their work, recruit volunteers, achieve funding and members. Thanks again to everyone involved.

Grants and Funding

Our Annual Grant application window closes on 22nd May. The webpage for grants has been superbly updated by Gary and is now far more engaging and also offers fully electronic web forms in keeping with new regulations.

The first small grant opportunity of the year opened last Wednesday and closes next Wednesday (20th). Decisions are made without delay according to the agreed criteria, so groups have access to funds quickly.

Alan and Sharon jointly applied for funding from NCC Climate Change Fund and were successful – great news! We have £5,000 towards the development of sustainable and accessible plots at Nursery Park Allotment site.

Neighbourhood Services

Play Areas

Painting has been carried out in most play areas, now that the better weather has finally arrived. Smaller areas have been repainted by Ryan, but there is a possibility that larger scale painting of fencing at Alexandra Road could be contracted.

Some levelling solutions have been installed in the way of matting at entrance areas at People's Park. The MUGA entrances require some backfilling and reseeding.

Unfortunately, the recently replaced track rider at People's Park is broken again and has been removed – this is the third time. The suitability and functionality of the equipment will be raised with Kompan as it appears not to be fit for purpose. Having already looked at a possible alternative for this equipment, we know it is both costly and not as high in play value.

AGENDA 7, Enc ii) OFFICERS UPDATE – 12th May 2026

We have identified some opportunities for additional play panels on equipment at People's Park and Alexandra Road; currently they offer one side of play only.

We have a list of remaining jobs for play areas that will be carried out for the remainder of this week, and following spring removal/summer planting.

Ryan completed the RoSPA Operational Play Inspectors Course with flying colours. We will move to our own inspections when feasible. NCC continues to support us with this until then.

Horticulture

The summer bedding is delivered and being cared for a Heighley Gate. Spring removals will be carried out next week w/c 18th May, with the beds planted from 26th May. It is always a tricky decision with frosts, etc. but hopefully this is the right one and we can enjoy some red/white show for the start of the world cup on 11th June.

Bus shelters

No further update on funded schemes from NCC, via NECA. This is a county-wide delay rather than isolated to Ashington.

Litter Bins

As we enter spring/summer litters bins are used more. With this in mind we are hoping to assess the suitability of size and location of bins to progress informed decisions which will also be affected by the new college, Wansbeck Square development, and different routes through the town centre.

We have moved a bin from Home Farm Close to the area of the pedestrian crossing/school crossing patrol, which has resulted in some objections from residents. The move was done to support the school crossing patrol request to help educate about using the bin as they were ending up with pockets full of rubbish. There remains a bin at the bus shelter less than 20metres from where the bin was removed. The bin at the bus stop is on a public highway as opposed to the one removed which was the entrance to the estate. The resident who contacted the office has been reassured that we will monitor the situation.

Allotments

Nursery Park

- All rents have been paid.
- Plans for the sustainable and accessible plot are currently under way.
- Fly-tipping has occurred, believed to have taken place over the preceding weekend. An email was sent to all plot holders the week prior to the incident occurring reminding about closing/locking the gate. The tipped material consists of hedges which, unfortunately, we do not currently have the resources to recycle. We are speaking to NCC regarding this.
- Plans are in place to introduce an additional plot within the coming year.
- June for further weed spraying.

North Seaton

- A plot has been split following contact from a plot holder regarding the size of their plot; the holder has expressed a wish to continue maintaining a garden.
- Work has commenced on one of the three communal areas. This includes the removal of waste, soil, and rubble. A new recycling process has been utilised which enables the recycling of stones — this is the first attempt and results will inform future roll-out decisions.

AGENDA 7, Enc ii) OFFICERS UPDATE – 12th May 2026

- Enquiries have been made to assess whether the use of a digger would be beneficial.
- A new plot holder has been assigned following a plot being given up.
- June for further weed spraying

Hirst East End

- A recycling day was held on site; a further trailer-load of metal has been disposed of.
- Plots have been halved to create new plots. Previously vacated plots are now being occupied, with viewings taking place this week.
- Clearance works has been carried out by the allotment officer.
- A rat burrow has been identified on site. NCC Pest Control have attended and are due to return this week.
- 1 rent due.
- June for further weed spraying.

Seaton Hirst

- Concerns have been raised by residents regarding rats. A site visit is scheduled this week in conjunction with the association.

Woodhorn

- Further plots have now been occupied.
- Plans for new resurfacing are expected to be carried out in the coming weeks.
- Weed spraying will be undertaken following completion of the road resurfacing works.
- Work to clear further plots is ongoing.

Highmarket & Wansbeck Road

- Issues relating to fly-tipping have been reported. Advice has been sought from NCC and ongoing assistance is being provided.

General Update

- New equipment has been purchased which is significantly improving clearance work efficiency. The equipment operates with zero emissions

Events and Engagement

Free Swim Sessions

The Free Swim programme is a community initiative funded by Ashington Town Council, delivered in partnership with Ashington Leisure Centre (Places Leisure), located at Lintonville Terrace, Ashington, NE63 9JY. The programme provides free, open-access swimming sessions during school holiday periods, welcoming residents of all ages and abilities to enjoy the pool at no cost.

Each session offers up to 80 slots on a first-come, first-served basis. No booking is required — participants simply turn up to take part. The programme supports the Council's goals of promoting active and healthy lifestyles, increasing access to leisure facilities, and inspiring the next generation of swimmers.

Date	Day	Time	Slots Available
8th April 2025	Wednesday	1pm – 2pm	18

AGENDA 7, Enc ii) OFFICERS UPDATE – 12th May 2026

11th April 2025	Saturday	2:30pm – 3:30pm	12
15th April 2025	Wednesday	1pm – 2pm	36
18th April 2025	Saturday	2:30pm – 3:30pm	19
Total Easter Holiday Attendance			85

The Free Swim programme continues to make a positive impact in the Ashington community. With strong attendance during the Easter holidays. Further sessions to be booked for the Summer. The initiative is on track to provide accessible, free leisure opportunities to a growing number of local residents.

Ashington Town Council will continue funding and commitment to this initiative for 2026, which supports health and wellbeing across the community and encourages participants of all ages to learn to swim or develop their existing skills. We are pushing for more visibility of this initiative in the leisure centre and will get information out to youth groups and schools via leaflets and posters.

Great Big Green Week Event

As part of the national Great Big Green Week campaign celebrating community action to tackle climate change, Ashington Town Council will be at the local market on Tuesday, 9th June from 10:00am to 2:00pm.

Our annual vibrant event will once again bring together local organisations committed to environmental sustainability. Whether you're a gardening enthusiast, concerned about climate change, or simply curious about green initiatives in your community, there's something for everyone!

Climate Change Committee Showcase

- Share your thoughts on climate change with council representatives
- Learn about the Council's Climate Change Committee

Free Raffle with Amazing Prizes!

Our popular free raffle is back with fantastic eco-friendly prizes to be won!

Full Circle Food Project

- Plant sale, pick up some locally grown plants for your garden
- Find out more about the Full Circle Food Project
- Take part in fun, family-friendly gardening activities

Climate Action Wansbeck Pledges

- Swap pledges for plants with Climate Action Wansbeck
- Get information on how you can tackle climate change

Citizens Advice Energy Team

Speak to the Citizens Advice Energy Team and find out how to save money on your energy bills

NCC Climate Change Team

- Join the Warmer Homes team for advice on making your home more energy efficient, including information on free grants currently available to residents
- Find out more: Northumberland County Council – Renewable Energy and Heat

AGENDA 7, Enc ii) OFFICERS UPDATE – 12th May 2026

Groundwork NE & Cumbria

- Recycling advice and information
- Information on their current volunteering project
- Great Big Green Week information

Great Big Green Week is a nationwide celebration of community action to tackle climate change and protect nature. By coming along to our local event, you'll learn more about environmental initiatives right here in Ashington and connect with like-minded people passionate about building a more sustainable future.

Litter Picking - Cleaswell Hill School Children

The litter picks formed part of the spring clean campaign. The sessions were originally planned for an earlier date but had to be rescheduled after the school's minibus required repairs. Cleaswell Hill School rearranged the visits and completed both sessions last week, Tuesday 5th May and Thursday 7th May at Hirst Park.

Ryan Appleby ATC Neighbourhood Services Officer attended both sessions and provided all necessary equipment — litter pickers, bags and gloves. Each child also received a participation certificate and a packet of sweets. After litter picking, the children enjoyed some time in the park's play area.

"They had a great time going around the park litter picking and then they got to spend some time in the play area." Ryan, Neighbourhood Services Officer

A big thank you to Cleaswell Hill School and all the children involved for doing a fantastic job helping to keep Hirst Park clean and tidy.

Website and Social Media PR

The Council's grants webpage has been redesigned and updated to present a cleaner, more modern layout that is easier for residents and community groups to navigate. The page now clearly sets out the available funding schemes, key dates, and eligibility criteria in a more accessible format, ensuring applicants can quickly find the information they need.

A significant improvement has been made to the application process, with grant application forms now moved to Google Forms, allowing organisations to apply online directly from the website. This replaces the previous document-based process and removes barriers for applicants, making it simpler and more straightforward to apply. The follow-up monitoring forms, required from grant recipients to report on the use of funding, will also be moved online in due course, further streamlining the process for both applicants and the Council.

Work to update and modernise the website is ongoing, with the allotments page identified as the next area for development. The aim is to ensure all pages across the site are kept up to date, easy to use, and reflective of the Council's commitment to clear and accessible communication with residents.

The following items appeared on our website news page since the previous officer's report. Members are reminded that we maintain active Facebook, Instagram and LinkedIn pages to promote Council activities and engage with our community. You can read them in full by visiting the website.

ABC Magazine, North Seaton Directory

Richard continues to allow us generous editorial coverage in the magazines which we take great advantage of.

Facebook

Our Facebook page has continued to perform well during the period covered by this report (14th April - 11th May 2026), building on the positive trends noted in the previous Communications Officer's report.

During this period, the page received 58,800 views, with 54.9% coming from existing followers (up 31.9%) and 45.1% from non-followers, reaching a total of 13,185 unique viewers. The increase in views from our existing follower base is a particularly encouraging sign of growing loyalty and engagement with our content.

Content interactions saw a significant uplift, reaching 718 — an increase of 68.9% on the previous period. The majority of these (477) came from existing followers, up 56.9%, while interactions from non-followers also rose substantially by 99.2%, totalling 241. Facebook visits remained steady at 1,300.

Follower growth continues to be positive, and we are pleased to report that our page has now reached 3,900 followers, a milestone that reflects the growing interest in our work across the community. During this period, the page gained 33 new follows and recorded 18 unfollows, resulting in a net gain of 15 followers.

AGENDA 7, Enc ii) OFFICERS UPDATE – 12th May 2026

As noted previously, posts and content directly concerning Ashington continue to generate the strongest community engagement compared to shared posts on behalf of other organisations. Work is ongoing to optimise our Facebook presence to maximise reach and engagement, and discussions around the potential use of paid advertising to further boost visibility are continuing.

Upcoming Meetings

Annual Meeting of the Council – 26th of May 2026

Combined Full Council and Finance and General Services Committee - 23rd June 2026

Finance and General Services Committee - Tuesday 14th July 2026

Gary has a meetings list and has also created a scannable QR code that will put meeting dates into your calendar, please ask for this.
