

Maintenance of Works at Hirst Park

Following your scope of works a 2-weekly visit during the growing season, and a 4-weekly visit during the winter/dormancy period.

The overriding objective being a performance specification to achieve a **pristine appearance**.

I have allowed for 2 personnel per visit for 4 hrs each visit (with travel included).

Visits will include for weeding, watering, feeding, mulching, and cleaning of hard surfaces adjacent to planted areas.

During these visits we will check the condition of the hard landscape and statue, reporting of any requirements or vandalism to yourselves.

14 no growing season visits

5 no dormant season visits

Total cost £4,675.00 excluding vat

I hope I have anticipated your requirements correctly but if you would like to discuss any aspect of this quotation, please don't hesitate to contact me.

Kind regards

Frank
